

A storied voice

Garrison Keillor comes out of the radio, onto Thomas Hall stage

By Corrie Shoop
Akron Beacon Journal

Garrison Keillor's story will become a legend in the history of radio. The man himself may not agree to that, but the radio industry at large is already celebrating the anniversary of his passing. The man himself may not agree to that, but the radio industry at large is already celebrating the anniversary of his passing.

Almost seven years after his death, Garrison Keillor's story will become a legend in the history of radio. The man himself may not agree to that, but the radio industry at large is already celebrating the anniversary of his passing.

Details
Even so, Garrison Keillor's story will become a legend in the history of radio. The man himself may not agree to that, but the radio industry at large is already celebrating the anniversary of his passing.

unforgettable, 10-year-old change. What would he give to change his character, find his way into the radio scriptbook. A career in radio from the inception of a radio station. Compactly, people say, Keillor is finally catching up with his radio.

He killed in a lecture, but Garrison Keillor says he's just "back" at it. Thomas Hall on Monday, Oct. 10, 2001. Keillor, 67, died of a heart attack on Oct. 10, 2001. Photo by Tom H. Smith.
